CW

Dear Martin Diessner,

First of all, a big thank you to all of you who have already registered your non-binding interest in fibre for the Constantia area. See the great response on our interactive map at [www.constantiafibre.com/map](http://www.constantiafibre.com/map).

Click on your street area to drill down and see which of your neighbours have registered !

If you have not yet registered, please take a minute to do so at [www.constantiafibre.com/register](http://www.constantiafibre.com/register) as we require maximum support for this project. The registration is non-binding and simply allows us to gather community interest before talking to fibre service providers.

Please also spread the word to your neighbours and friends - and encourage them to register on the site. The more registrations we can get for Constantia the quicker the potential roll-out will happen.

If you do have any further queries, please read through our frequently asked questions and answers on [www.constantiafibre.com](http://www.constantiafibre.com) or email us at [get@constantiafibre.com](mailto:get@constantiafibre.com)

Thanks so much for supporting this important community initiative.

Regards

Mike Voortman
