**Subject:** Status update #02 - Constantia Fibre initiative March 2015  
**Date:** 06 March 2015 at 2:11 AM  
**To:** \*INAMEI\* [m@evercape.com](mailto:m@evercape.com)

Dear Martin Diessner

With this email, we would like to update you on the progress of the Constantia Fibre initiative.

More than 1,400 residents have registered their non-binding interest on the website, and we do thank you for that. This has enabled us to gain traction in the media and also amongst the fibre service providers, who are now keen to submit their proposal to the community.

You can find the request for proposal (RFP) on this page: [www.constantiafibre.com/rfp](http://www.constantiafibre.com/rfp)

A status update of the project including a list of all fibre providers can be found here: [www.constantiafibre.com/status](http://www.constantiafibre.com/status) and I am attaching an overview to this email as well.

In order to widen our communication channels and to avoid spamming your email inbox, we have setup a Facebook and Twitter page for more recent updates. If you are on any of these social networks, please do like and follow us:

- [www.facebook.com/ConstantiaFibre](http://www.facebook.com/ConstantiaFibre)
- [twitter.com/ConstantiaFibre](http://twitter.com/ConstantiaFibre)

Our next update will be after March 13th, by when we do expect a response to our RFP from the fibre operators. In the mean time, please don't hesitate and email us with any questions or suggestions, and we shall respond in due course and also update our frequently asked question section on the website.

Thanks so much for your help and support!

All the best,  
 Martin Diessner  
 on behalf of the various community organisations behind this initiative
